## Testimonials

The Mini-pods have attracted both children and parents' attention. Initially wondering what they were. Some of the primary school children are using the pod situated in the playground too, which is good to see. Older siblings are being positively encouraged to bring their bikes/scooters to school and store in mini-pods. Since the Minipods arrival the volume of 'Green' traffic has most definitely increased. So a very big thank you to all who have supported us. P.S. Staff are even cycling to work!

Primary School  
Houston, Paisley, Scotland.*

## Kid's comments

"They are really good for keeping my bike in"  
"They are cool!"  
"They are good because they look like rockets"  
"I'm going to bring my bike tomorrow, so I can use the Minipod".

"We held a naming ceremony and called it *Percival Peregrine Pod*. The children just love it!"

*Brabins Endowed Primary School, Preston*

## Get children cycling to school with Minipods!

Since Launching the Minipod, the product is already being utilised in over 500 schools!

Minipods are encouraging cycling and reducing carbon emissions up and down the country! Securing 8 bikes AND 8 scooters for 2-12 year olds the fun and colourful product is ideal for nursery and primary schools. The Minipod is a **unique and sustainable product** offering a **playful design and a range of colour options**. At less than 1.5 meters in diameter the Minipod not only **saves space** but also appeals to children, encouraging them to cycle and scooter to school. An **environmentally sustainable product**, the Minipod is manufactured in the UK and available in **100% recyclable** and recycled materials.

If you would like to join other schools and **receive the Minipod at the Special schools price of £949** (Black) plus VAT, delivery and install, please contact us to place your order or to receive further information about our products and offers.
